

Build matted albums and storyboard flush albums easily. As simple as drag & drop!

## Features

- Includes mats from major album companies
- Print out proof layouts of your album designs
- Automatic ordering of image sizes needed
- Assign mats to a 'Favorites' group
- Generate layouts as composites

The LP Album Builder comes pre-installed with mats from major album companies. Building an album is as easy as click, drag and drop. No need to try and figure out what size print you need... LP Album Builder does it automatically for you! Plus you can lay out flush albums for easy proofing and ordering.

An add-on tool to LP Digital Studio, LP Album Builder is the easiest way to build matted albums and lay out flush albums. Used in conjunction with our other add-ons, you will fully experience the LabPrints workflow advantage.
