

# LP Album Builder

An add-on tool to LP Digital Studio, LP Album Builder will help you build matted albums and storyboard flush albums easily. It's as simple as drag and drop!

## FEATURES

- Mats from major album companies included
- Ability to print out proof layouts of your album designs
- Automatic ordering of image sizes needed for your designs
- You are able to assign mats to a 'Favorites' group
- Option to generate your layouts as composites, creating the option of a flush album, but with a matted look
- Ability to storyboard your flush albums for easy proofing and ordering
- Full screen design option
- Ability to drag and drop images between locations on same or different pages
- Quickly swap between mats and layouts without adding or removing images
- Slide show feature for presentation to your client
- Infinitely adjustable cropping for each image
- Images can be set to Black & White or Sepia tone
- Retouching services on individual images can be ordered
- Album Summary option tells you what mats and images are used in each album
- Post your album online for proofing for a nominal fee

*LP Album Builder is a key component of the LabPrints workflow advantage. All of our tools are designed to work seamlessly together. By purchasing this add-on, you will save time, create beautiful albums... and increase profits.*
